

Lewis Civil Engineering Limited

ENVIRONMENTAL POLICY

Lewis Civil Engineering Limited is a civil engineering firm specialising in civil engineering, structures, pipe laying and pipe repair for the water industry.

The management and all who work at Lewis Civil Engineering Limited are committed to the care of the environment and the prevention of pollution.

The company ensures that all its activities are carried out in conformance with any applicable legal requirements. The company seeks to minimise waste arisings, promote recycling, reduce energy consumption, reduce harmful emissions and, where possible, to work with suppliers who themselves have sound environmental policies.

An essential feature of the environmental management system is a commitment to improving environmental performance. This is achieved by setting annual environmental improvement objectives and targets which are regularly monitored and reviewed. The objectives and targets are publicised throughout the company and all staff are committed to their achievement.

In order to ensure the achievement of the above commitments, the company has implemented an environmental management system which satisfies the requirements of BS EN ISO 14001: 2004.

This Policy and the obligations and responsibilities required by the environmental management system have been communicated to all employees and persons working on behalf of the organisation. The Policy is available to the public on request.
